

INTRODUCING

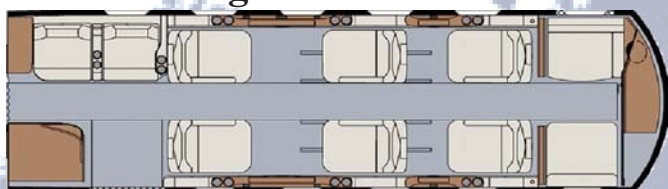

# Citation XLS

Let us introduce the world's most popular business Jet! How about Stockholm – London in two hours or Gothenburg – Madrid in three hours? With a cruise speed of 815 km/h (440 knots) and a range of up to 3 500 km (1800NM), this aircraft is suitable for all kinds of operations. With its stand up-cabin and APU, this medium size business jet provides outstanding comfort. Boarding for a flight on a cold winter night we will have a nice and warm cabin waiting for you, and on a hot summer day it will already be cooled down as you arrive.

On board you'll never get bored – our XLS has the most advanced entertainment system available on the market. While airborne you can make important calls via the satellite phone and always be reachable. Thanks to the efficient engines we are able to reduce costs, spare the environment and keep your bill down. Try our Cessna Citation XLS and we promise you'll fall in love!

## FACTS AND FIGURES
